Mohamed-Adan96

## PROFILE

A front-end developer skilled in writing clean HTML 5, CSS3 and JavaScript. Proficient in using RESTful APIs, Node.js, Express and npm packages. Experience in using these programming languages to create and deploy projects such as a recipe finder which heavily utilises an API and parses the information via JSON. Enthusiastic, self-motivated, and methodical individual. Able to manage and plan tasks in line with timeframes and work collaboratively within teams. A deep hunger for knowledge makes me confident that I can contribute greatly to the developer world.

## SKILLS

## EMPLOYMENT HISTORY

### MACHINE OPERATOR

*Elmelin LTD*

Mar 2021 - Present
